Convertible at any time after August 1, 1920 into the common stock of the Company upon the surrender of \$100 par value of bonds and the payment of \$6 in eash for each share of stock

OLD COLONY TRUST COMPANY, BOSTON, TRUSTEE

The American Telephone and Telegraph Company owns the Bell long distance telephone systems of the entire country and controls by ownership of a majority of stock practically all the important companies operating throughout the United States. At December 31, 1917, the book value of the assets of the Company and its associated companies making up the Bell System was over \$303,500,000 in excess of all liabilities and capital stock outstanding.

The net income of the American Telephone and Telegraph Company and its disbursements for interest during the last seven-year period have been as follows:

Year ended December 31	Net Income	Interest	Balance
1911	\$33,301,246	\$5,567,980	\$27,733,266
1912	37,907,644	5,844,699	32,062,945

1917	48.940.466	9.281.000*	39,659,466

*Does not include \$1,188,000 paid as interest on obligation for which capital stock has since been issued.

During the last seven years the net income of the Company has averaged 5.76 times the average interest charges.

There has been paid on account of capital stock of the Company nearly \$35,000,000 in excess of the par value of that stock, or \$108 in cash paid in for every \$100 share. Based on the present offering price for the bonds, the conversion privilege will become of value as the stock advances above par. During the last ten years, the stock has sold as high as 153\(^2\)4, and in that period did not sell below par until our entrance into the war.

The Company has paid dividends at the rate of at least $7\frac{1}{2}\%$ per annum on its capital stock for eighteen pears and for the last twelve years the rate has been uniformly 8% per annum.

Application will be made to list these bonds on the New York and Boston Stock Exchanges.

The Company is one of the largest producers of hydro-electric power in the world. It serves with electric light and power the greater part of the population of the State of Montana, including the Butte district and the most important centres of industry in the State. The Company has about 40,000 customers and its business is well diversified. Its numerous power plants are thoroughly interconnected and continuity of service is protected by large storage reservoirs, reducing to a minimum any danger of interruption.

In addition to its well-diversified commercial electric light and power business, the Company is furnishing power under long-term contracts for operation of Butte, Anaconda & Pacific Railway and 438 miles of Chicago, Milwaukee & St.

Paul Railway main line.

The mortgage covers all real estate, plants, equipment, rights and franchises now owned or hereafter acquired by the Company, including (either directly or through collateral trust) 13 hydro-electric plants, 1,859 miles of transmission lines and complete distribution systems in the cities of Butte, Great Falls, etc. It is a first mortgage on a substantial part of this property.

Sinking fund is calculated to acquire before maturity about 50% of total bonded debt outstanding as of January 1, 1918, and a substantial part of any

bonds issued after that date.

Gross and net earnings for the last five years have shown remarkable growth as follows:

Year Ended Dec. 31	Gross Earnings	Operating Expenses and Taxes	Net Earnings
1913	\$3,539,198	\$1,117,774	\$2,421,424

Louisville Gas and Electric Company and its affiliated companies, operating without competition, directly serve with electric light and power and natural gas the City of Louisville, Kentucky, and several adjacent communities, having a total population estimated in excess of 268,000.

Over 70% of the Company's net earnings is derived from the electric light and power service. Electric energy is generated at the Company's Waterside Station, having a present installed capacity of approximately 43,000 H. P. which, it is anticipated, will be increased during the present year by the installation of an additional 20,000 H. P. unit.

These Bonds will be secured, in the opinion of counsel, by a first lien on the entire property of the Company, subject only to \$3,119,000 Louisville Lighting Company First 5's, which are a first mortgage on the property formerly owned by that company. The First and Refunding Mortgage 7's will therefore be secured by a first lien on more han 75% of the entire property of the Louisville Gas and Electric Company.
